Dublin Narcos

Over the 1980s and 1990s Dublin transformed from a recession-blighted backwater to one of the wealthiest cities in Europe. As its fortunes changed so did those of its criminals, who profited from selling heroin, ecstasy and cocaine. Dublin Narcos tells the story of the rise in addiction, violence and organised crime over these years and which persist to this day, with first hand testimony from the kingpins and cops to the ravers and users. We also hear from the fearless journalists whose attempts at exposing the drugs barons led to the death of one of their bravest, Veronica Guerin.

That was a campaign that saw Liverpool win two cups and finish as runners-up in both the Premier League and Champions League, but things have been very different in 2022/23. While Liverpool have struggled, United have been pushing for a top-four finish and beat their rivals at home in August. Will they complete their first league double over Liverpool since 2015/16
